• A Combination of in-class instruction and online technology.
• Level 1 – Study online from home.
• Level 2 - Study for three educationally immersive months on campus with option to continue online from home.

BENEFITS OF GSI - HYBRID
While the learning needs of all UPSC aspirants are the same, the background they come from and therefore their approach to studies may be different.

• You may have to balance work, college education and family life which may make juggling between that and time bound physical classes, difficult.
• You may be residing in a far flung area, and commuting to campus to take physical classes six times a week, impractical.
• Another issue may be that your learning outcomes are thwarted by societal distractions and you’d like to study via an alternate medium to stay focused.
• You may have a unique learning style and pace.
Rau’s IAS GSI hybrid course will provide a unique avenue for students to juggle the demands of society on their scarce time and other resources, while still being able to complete their coaching and coursework and excel no matter their learning style.

WHO CAN BENEFIT THE MOST FROM GSI - HYBRID?
• In general: Working professionals, parents, international students, students with disabilities and students located in far flung areas.
• During the Covid-19 pandemic: All students who wish to socially distance themselves and study from the safety of their home, can also take advantage of our hybrid course.
• Hybrid course can be seen as the cost-benefit solution that addresses the needs of all UPSC aspirants.

SYLLABUS
• Prelims: Paper I & II (CSAT)
• Mains: GS Papers I, II, III, IV & Essay
• Current Affairs
• Interview Guidance: when short-listed to appear in the personality test
